Articles of the athlete's costume/uniform (e.g. jackets, headbands, sunglasses, hats, etc.) may be removed during the performance; however, this item must be discarded, and not included within the performance- otherwise this item is considered a prop and is a violation of the rules contained herein. *Exception: Poms used within a pom routine is not considered a prop, as this is an essential component of the pom team's performance.*

### **XXV. HANDS FREE POMS**

The use of hands-free poms is allowed. Hands-free poms are defined as poms with a strap across the palm of the hand, allowing for the pom to be easily transferable to place a hand – free of the pom – on the performance surface for skills, tricks, etc. A hair tie, rubber band, or tying pom strings/pieces together does not satisfy the definition of a "hands-free pom".

### **XXVI. HIGH KICK DIVISION SPECIFIC REQUIREMENTS**

- C. At minimum, ½ of the team must perform a kick together in order for the kick to be counted. For teams with an odd number of athletes, ½ of the team’s athletes will be considered based on the higher (“rounded up”) even number. For example, with 17 athletes, at minimum 9 of the athletes must perform a kick for the kick to be counted for the routine kick requirement.
- D. Passe, flicks, turn sequences, toe taps etc. will not be counted as kicks  
EXCEPTION: Any time the kicking leg extends at or above 90 degrees from the performance surface and then contracts and extends again at or above 90 degrees – this is defined as a separate kick.

## XXVII. CATEGORIES

- POM- Poms are required to be used throughout the routine. Important characteristics of a pom routine include synchronization and visual effects, along with proper pom placement and performance cheer skill technique. Motions should be very sharp, clean and precise. Your team should be synchronized and appear as “one”. A routine that is visually effective is extremely important, including level changes, group work, formation changes, etc. Pom routines follow a more “traditional” theme- please see the score sheet for more information.
- HIP HOP – Incorporates street style influenced movements and rhythms with an emphasis on execution, style, creativity, body isolations and control, rhythm, uniformity and musical interpretation. The uniformity of all movement throughout the performance should complement the beats and rhythm of the music. There is also an additional focus on incorporations such as jumps, jump variations, combo jumps, freezes and floor work and other skills. Distinctive clothing and accessories reflecting Hip Hop Culture must be worn. See the score sheet for more information.
- KICK/HIGH KICK – A kick routine incorporates the creative use of kick styles with an inclusion of a variety of skills, creativity, and staging. The choreography shall display a variety of kicks throughout the entire routine that may include, but are not limited to: high kicks, low kicks, diagonal kicks, fan kicks, jump kicks, etc. Precision, timing, control, technique and uniformity of height are to be emphasized. See score sheet for more information.
- OPEN - Incorporates and exhibits traditional or stylized movements and combinations with strength,

attack and presence, formation changes, group work, visual effect and technical elements. An emphasis is placed on proper technical execution, extension, control, body placement, style, musical interpretation, continuity of movement and team uniformity. The overall impression of the routine should be uptempo, lively, energetic and motivating, while allowing for texture of movement to utilize musicality. See Score Sheet for more information.
