

Hein Verbruggen  
President  
SportAccord

Jeff Webb  
President  
International Cheer Union (ICU)

Lausanne, 11 June 2012

Dear Jeff,

Please find below the statement read by Bruno Grandi, President of the Fédération Internationale de Gymnastique (FIG), at the SportAccord General Assembly in Quebec City on 25 May 2012, which will be included in the official meeting minutes.

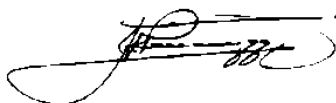

*As you know, the International Cheer Union (ICU) has applied for membership in SportAccord, to which FIG has expressed its opposition. This was to be considered in the agenda of this General Assembly.*

*On behalf of FIG, I am pleased to report that at our request, ICU has accepted to postpone its application for one year. This will help us, with the support of SportAccord, to finalize by the end of August 2012 an agreement with ICU and SportAccord, of which the essential elements are already in place. A few legal aspects have to be verified.*

*This will enable us to eliminate a number of misunderstandings, so as to be in the position of fully supporting ICU's application at the next SportAccord General Assembly. Thank you for your attention.*

SportAccord appreciates the ICU's commitment to working towards an agreement with our current Member, FIG, and will continue to offer its support to these efforts.

Yours sincerely,

Hein Verbruggen
